

Boston Dec 6  
Tuesday Evening

Dear Debora

I have only just now learn  
ed that any thing was going to  
you or I should have written  
more to him. it for granted  
that I shall not write much.

You cant think how bad I felt  
after you was gone when I came  
home it seemed as if three or  
four were gone instead of ~~only~~  
one. We have another scholar  
to day, that little Willis that has  
always been hanging on so long.

The things have come in from  
Lynn they are said to be more  
beautiful than anything that has  
yet been seen in. it is about as  
near as they can judge about  
fifty dollars. Aunt Mary went  
over to Cambridge to day she has  
but just got home. just think  
Knop sent up those things

about a half an hour after  
you went. I never shall get in  
the least along with my French  
Warren has come home so  
I must finish my letter give  
my love to Aunt Sally as I hear  
she sent her love to all of  
us, do you really think that  
there is any probability of Mary  
coming to you at West-Beetha  
do write to me if you have  
time

your very affe sister Emma
